recommendation letter for Batyrkhan Madeny

With this letter, we want to recommend Batyrkhan Madeny, volunteer in the Artful Futures, because Batyrkhan is an example of realizing the potential of English teaching while working at the international level with the Artful Futures volunteering project.

For our team, Artful Futures is a significant project, making a great contribution to kids' development at the international level.

While working as the mentor, Batyrkhan has a true passion for teaching and a knack for making learning engaging and fun classes individually and for a group of children from low-income families. The classes were well-structured, interactive, and tailored to cater to a diverse learning style. Based on the parents' review, Batyrkhan is incredibly patient and supportive, creating a safe and encouraging environment where every child feels valued and empowered to succeed.

We were particularly impressed by the chosen topic and an animated presentation of the lessons. This demonstrated Batyrkhan's ability to connect with children on a personal and professional level, fostering their confidence and encouraging them to develop their skills in the English language.

We highly recommend Batyrkhan for any role that requires a dedicated, passionate, and highly skilled person. It is a valuable asset to any organization and we are confident that Batyrkhan will continue to make a positive impact on the lives of people in your community.

Feel free to approach us.
